

VOL. 21.

OCALA, FLORIDA, WEDNESDAY, OCTOBER 6, 1915

NO. 237

THE STAR IS THE ONLY NEWSPAPER IN MARION COUNTY TAKING TELEGRAPH SERVICE

**CABINET CAN'T AGREE
WITH THE KING****TROUBLE BETWEEN CONSTAN-
TINE AND HIS MINISTERS
ADDS TO THE BULGAR-
IAN TURMOIL**

(Associated Press)

London, Oct. 6.—An official dispatch here says King Constantine of Greece has accepted the resignation of the Venizelos cabinet.

**DEPUTIES SUPPORT THE MIN-
ISTRY**

The cabinet was unable to agree with the king concerning the country's next step in the Balkan crisis. The retirement of the cabinet was unheralded, following a vote of confidence in the ministry by the chamber of deputies. Telegrams to the Greek legation here said that Venizelos relinquished the office at 9:30 last night. No reasons were given. A former clash of opinion between the king and Venizelos, resulting in the latter's temporary retirement, left little doubt that the present instance involves the familiar issue Venizelos raised that Greece should strike quickly in behalf of Serbia and the entente allies. It now seems certain that Bulgaria will join with Germany, Austria and Turkey. The matter will doubtless be brought to a head by the landing of allied troops at Salonika. This will be regarded in effect as placing Greece definitely on the entente allies' side, as she has virtually acquiesced in a counter move against Bulgaria.

If Bulgaria enters the war on the side of the Germanic allies she will enter under less favorable conditions than a few weeks ago. The Russians, who have been reinforced, with a gradually increasing amount of artillery, seems to be daily striking harder blows. German official statements no longer register measurable advances.

The western situation has reached the stage of renewal of preparations after the recent Allies' offensive, with the Germans struggling to regain lost ground.

Intense artillery action is again predominant on the French front, indicating that preparations are under way for another attack.

**SITTINGS OF PARLIAMENT WERE
SUSPENDED**

Athens, Oct. 6.—After a conference with King Constantine, Premier Venizelos returned to the chamber of deputies and made a statement of the causes of the disagreement and then announced the resignation of the entire cabinet. The sittings of the chamber of deputies were postponed.

FRENCH LANDING AT SALONIKA

Paris, Oct. 6.—An Athens dispatch to the Matin says French transports arrived off Salonika Friday night and troops began landing Saturday.

ROUMANIA GETTING READY

London, Oct. 6.—Reuters' Athens correspondent states that Roumania is hurriedly dispatching troops along the Bulgarian frontier and otherwise taking extraordinary military measures.

ULTIMATUM UNANSWERED

Petrograd, Oct. 6.—The foreign office is still without an answer to the ultimatum to Bulgaria, at high noon today.

HEAVY GUN FIRE

Paris, Oct. 6.—Artillery exchanges in the Artois district have been particularly violent in the vicinity of the Givenchy forest, says an official announcement.

**DESTROYER WAS ONLY
SLIGHTLY DAMAGED**

Cummings and Her Wounded Men has Reached Port

(Associated Press)

Newport, R. I., Oct. 6.—The destroyer Cummings, with the two men who were burned due to the explosion and fire at sea yesterday, arrived here today. The men will recover. The destroyer was only slightly damaged. Fuel oil caused the explosion.

PORTUGAL'S NEW PRESIDENT

Republic Has Stood the Test of Five Years Today

(Associated Press)

Lisbon, Portugal, Oct. 6.—Dr. Bernardino Machado took the oath of office and was inaugurated as president of the republic of Portugal today. Today is the fifth anniversary of the proclamation of the republic.

Best school tablet on the market—REXALL, at Gerig's. tf

LOCAL LEGISLATION**CITY COUNCIL HAD A LONG AND
BUSY SESSION TUESDAY
EVENING**

The city council met last evening in regular session with the following members present: Messrs. Meffert, chairman; Tompkins, Knight, Roess, Smith, Nash and Fausett.

The minutes of the last regular and one extra session were read and approved.

Col. R. A. Burford, division counsel for the A. C. L. railway and Mr. J. N. Brand, general superintendent for the road, were present in the interest of the ordinance to require the road to pave with vitrified brick certain portions of Osceola street, which was up for its third and final reading last night. Mr. Burford asked to be heard in the matter and the order of business was changed in order to allow him to address the council without having to wait until later in the session. Mr. Burford first asked to have the ordinance read, which was done. He then read his formal protest against its passage and followed with one of his masterful talks, during which he "tore the ordinance all to pieces." He showed that the ordinance required the city to grade at its own expense, Osceola street from the Ocala Lumber & Supply Company's plant to South Fourth street to the grade and levels of Magnolia street, two blocks west and paralleling the street, and to make all cross streets conform to the new grade. The colonel stated that this work would not only make the street and all abutting streets impractical and injure the property abutting on them, but would cost the city many thousands of dollars. He said the ordinance, if adopted, would require both the city and the A. C. L. railroad company to do the impossible; that portions of the street would be graded from 20 to 40 feet below Magnolia street. Mr. Burford recited the ancient ordinance, where the city, for a consideration of \$2,000 from the old Florida Southern Railway, forever relieved that company and its successors from any liability or expense of keeping up or maintaining Osceola street, and that a contract was a contract and the city, no more than an individual should break it. Mr. Burford asked that the ordinance be voted down and a reasonable ordinance introduced at some future date, if it had to be, and the city was sincere in its efforts to pave the street, rather than to merely force the railroad to do it. He said that the city could not force any individual or corporation to entirely pave any street and could only proceed under the rights given it by special act of the legislature and require the property owners on each side of a street to pay their one-third, the city paying the other third. Mr. Brand followed Mr. Burford with a short talk and the matter stood at that until the question of the passage of the ordinance was reached later in the evening.

Mr. R. R. Carroll addressed the council on the lack of drainage at his property on South Third street and the primary school yard and other properties there, and the great detriment to health and damage to property that the deplorable condition brought about and asked for relief. During the heavy rains, water rushes down the street and down South Fourth street, from as far up as Mr. Meffert's and Mr. Gerig's homes and inundates the property of the entire section adjacent to the primary school and along South Fourth street for two blocks. He stated that the street department could temporarily remedy the trouble pending the permanent relief that was hoped for when, if ever, South Fourth street is opened, under the condemnation proceedings, to get the street through certain properties. On motion of Mr. Roess, the offer of Mr. R. E. Bullock to do all of the legal work necessary to push the condemnation suits thru the courts and open the street was accepted. The clerk was instructed to draw a warrant for the court costs in the suits and Mr. Bullock will be requested to proceed with dispatch to put the matter through. For temporary relief, Mr. Fausett then offered a motion, which was adopted, that the street department, in conjunction with the city engineer, immediately look the situation over and devise some means of temporarily carrying all or part of the water off, and to do the work as quickly as possible. The entire council admitted that the situation at the schoolhouse, aside from the individual property, was bad, and should be remedied.

Mr. J. W. Johnson again appeared before the council regarding his city water meter, and the matter was referred to the light and water committee to investigate at once and get it straightened out.

Mr. Roess of the street committee stated that some kind of a shelter should be built on one of the city lots

for the vehicles. A general discussion followed but no action was taken.

Mr. B. N. Dosh, a property owner on South Fourth street, presented a communication asking that the council do something to care for the water that accumulates at the corner of South Fourth and Sanchez streets. After every rain, for days and sometimes weeks, and of late, continuously, water has stood at this corner to such a depth that vehicles can hardly pass through it, and the stretch of the stagnant water, filled with the washings from the street, is very disagreeable and unhealthy. Mr. Dosh stated that he had been complaining to the council for three years about the conditions at this point but nothing had been done, and that relief should be given the citizens in that part of town from the nuisance, the solution of which is the opening of the street in question, South Fourth, which abuts into property at this point and is closed for a distance of three blocks. The communication was referred to the street committee.

Mr. F. W. Ditto appeared with a petition signed by some forty residents and property owners, asking for the extension of a water main and establishing of a hydrant or fire plug at or near the corner of Tuscanville and South 8th streets, as that entire portion of the city has no fire protection and the insurance rates are as high as those in the country. The petition recited that there was not a fire plug within 500 feet of the high school building, and same was needed for the protection of that property as well as the lives of the pupils and teachers. The justice of the request was acknowledged and the matter referred to the light and water committee with power to act.

City Collector W. W. Clyatt presented two water works bond coupons for \$25 each and asked to have same checked up and destroyed and a warrant issued in his favor for same, which was done.

A communication was received from Messrs. Twombly & Henny, the engineers, enclosing the two corrected pages of the specifications and asked for check for balance of their bill.

Mr. H. L. Minshall filed a written application for the position of city inspector for the sewerage contract work, which was filed for reference when the matter of employing an inspector was come up.

The bill of George Taylor for \$44 and of H. M. Hampton for \$150 in connection with the work of the board of bond trustees were ordered paid out of the bond money, after a lengthy discussion, and the report of the bond trustees was then accepted.

Mr. Roess of the street committee, asked what should be done about ordering crude oil for street work, under the contract with the Standard Oil Co., and he was instructed to order a car at once, to be used on Exposition and other streets, and have same done, before the opening of the fair.

Mr. S. S. Savage again called the attention of the council to the fact that the alley at his property at Oak Park had not yet been opened. Mr. Roess stated that conditions which had held the work up no longer existed and the alley would be opened at once.

A communication was read from Mrs. Burford of the civic committee of the Woman's Club regarding the removal of the grass growing in the crevices of the brick pavement on East Fort King avenue and also suggested the removal of the big tree near the Ocala National Bank, which is decaying and not deemed safe. The matter was referred to the street committee.

A communication had been received by City Attorney Hocker from the would-be purchasers of the \$55,000 worth of light and water bonds, stating that their attorneys would not have their opinion ready by the date named, and as the city was proceeding with the validating of the bonds, they were willing to return the transcripts, etc., in their hands, and await the validation proceedings here. The attorney was instructed to write the firm who had bid on the bonds and have the transcripts returned. In the meantime, the city is in a position to either accept or reject their bid, when the bonds are validated, which will probably be about the 19th of the month. Failure to pass on and take the bonds, ere this, has vitiated the bond-buyers' contract with the city, and the bond trustees will be told to quietly see if a better bid cannot be obtained. If it cannot, then no harm will be done and they can close with the bidders, as soon as the bonds are validated.

On motion, the city attorney was asked to see Mr. L. W. Duval and have the injunction issued by Judge Bullock against the council some time ago, restraining the council from paying certain bills in a special election, dissolved, so that several small bills could be paid.

The monthly report of Dr. H. F. Watt, city physician, was read and filed.

**BULGARIA HAS
MADE HER BED****AND WILL LIE IN IT BETWEEN
TEUTON AND OTTOMAN**

(Associated Press)

Petrograd, Oct. 6.—Bulgaria has rejected Russian demands and sent an ultimatum to Serbia, concerning Macedonia, according to information reaching Serbia. The Archimandrite Michael says in a Moscow telegram to the Bourse Gazette that Bulgaria demands Serbia's reply to the ultimatum within twenty-four hours.

**FRENCH CAN'T COPE WITH
GERMAN ARTILLERY FIRE****Attempt to Resume the Offensive in
the Champagne was Ineffectual**

(Associated Press)

Berlin, Oct. 6.—The attempt of the French to resume the offensive on the Champagne front by heavy artillery fire against the German positions was frustrated by German artillery, army headquarters says. The French losses were heavy.

**EMPEROR OF AUSTRIA
REPORTED VERY ILL**

(Associated Press)

Rome, Oct. 6.—It is said on good authority here that Emperor Francis Joseph of Austria is dangerously ill. The Austrian crown price has been called to Vienna.

OCALA'S NEW ORGANIZATION**Meeting and Banquet Last Night of a
Live Bunch of Young Men**

The newly organized young men's club met last night at the Harrington Hall for the purpose of perfecting its organization, and selecting a name for the organization.

R. L. Anderson Jr. was in the chair and during the banquet following the business meeting, acted as toast master, to the great delight of the banqueters.

The banquet was spread at 7:30, the following menu being served:

Pickles	Oyster Cocktail	Olives
Consomme		
Roast Tennessee Turkey with Dressing		
Creamed Potatoes	Salad	
Saltines		
Ice Cream and Cake	Coffee	
Iced Tea		

The "stunt" arranged by the stunt committee was a good one and caused a great deal of merriment. This consisted in serving the iced tea in beer bottles, the amber fluid looking a good deal like the popular beverage. The first member served was Secretary Bunyan Stephens, his bottle being opened with great solemnity by the waiter. Immediately several members were upon their feet clamoring for recognition from the chair for the purpose of protesting. After the hoax had been exposed however, many members who had failed to protest were observed to sigh regretfully.

A splendid speech was made on "The Purposes of the Club" by Frederick Hocker. Messrs. E. M. Finch, Bunyan Stephens and Louis Chazal Jr. made interesting and inspiring talks on "Unity and the Responsibility of the Individual."

Thirteen new members were elected by unanimous vote of the club.

About twenty names were submitted to the club as a result of the club's offer of a five dollar prize for the most suitable name, but after considerable discussion all were rejected. The offer is yet open.

The purposes of the organization are of a high order and the things set forth in its constitution as the ideals of the club are worth striving for. Mainly in order to eliminate politics from the club, the age limit has been fixed at 38. As one of the members aptly remarked: "Our fathers are old and 'set' in their ways—we are not. There are no local issues as great as the things for which this club is striving. The past and the present belong to the elders—the future is ours."

Fashioned somewhat after the Rotary Club, this organization will be governed by many of the principles of those organizations, among these being the rotation of offices among the membership in alphabetical order. Mr. Charles Chazal, becomes president of the club for November under this arrangement and the members of the executive committee go up a round.

The next meeting will be held at 7 p. m., November 2, at the Ocala House.

**WILSON WILL VOTE
FOR WOMEN****INTENDS TO SUPPORT EQUAL
SUFFRAGE IN NEW JERSEY
SPECIAL ELECTION**

(Associated Press)

Washington, Oct. 6.—A statement from the White House today says that President Wilson will vote for woman suffrage state constitutional amendment in New Jersey at the special election October 19. He will vote as a private citizen, not as the leader of the democratic party. He doesn't think the question should be a party issue.

NOTICE TO WOODMEN

All members of Fort King Camp W. O. W. degree team are requested to be at the camp hall promptly at 7:30 o'clock this evening for rehearsal. Chairman Committee.

NOTICE

I guarantee all my work and would be pleased to hear from any that is unsatisfactory. D. C. Baldwin, typewriter repairer, Carlton House, phone 193. 1t

BASEBALL BULLETINS**Of the World's Series Will Begin to
Come Into the Temple Friday
Afternoon**

Arrangements have been completed for obtaining bulletins for the World's Series. The Western Union has run a wire into the Temple theater, and the bulletins will begin to arrive shortly after two o'clock Friday afternoon.

The messages will be sent directly from the grounds at Philadelphia where the first game will be played. There will be only a minute or two between each play and the report in Ocala.

The public-spirited people who are backing up this enterprise hope for enough support from the public to cover the expense. A small admission fee will be charged, and there should be at least a hundred or two present every afternoon.

FRENCH LOST A CRUISER**Torpedoed by a German Sub Off the
Isle of Rhodes**

(Associated Press)

New York, Oct. 6.—Private advices say that a French auxiliary cruiser was torpedoed and sunk September 9 off the Island of Rhodes, by a German submarine.

**RAILROAD COMMISSION
GRANTED THE REQUEST****Of the Seaboard and Coast Line to
Postpone Building Union
Station in Ocala**

In pursuance of a petition filed by Robert F. Rogers, president of the Marion County Board of Trade, which petition is as follows:

"At an informal meeting of over twenty of the business and representative men of Ocala, assembled at the Board of Trade rooms, Wednesday night, the 29th day of September, 1915, it was agreed to ask your honorable body to permit the railroads interested a postponement of six months for the beginning of the union passenger station, or depot, at Ocala. This agreement was arrived at after a full and thorough discussion, appreciating fully the depressed condition of every branch of business."

The above matter this day came on for further consideration by us at our office in Tallahassee. There was present at said time and place J. N. Brand, general superintendent of the Atlantic Coast Line railroad company, and H. W. Purvis, superintendent of the Seaboard Air Line railway. Evidence was introduced showing that both of said railroad companies had suffered loss of business during the last fiscal year, owing to the general financial and business depression throughout the territory traversed by their respective lines and that an extension of time for the commencement and completion of said union passenger station ought to be allowed.

Now, therefore, in consideration of the premises, we, the railroad commissioners of the state of Florida, do hereby order and adjudge that our Order No. 470, heretofore made in the above entitled matter, be and the same is amended and modified in this, to-wit: that the said Atlantic Coast Line railroad company and the Seaboard Air Line railway shall begin the construction and erection of the said joint passenger station or union depot on or before the 1st day of May, 1916, and that the same shall be completed and ready for use within six months thereafter. And in no other respect whatsoever is said Order No. 470 altered or amended, but the same shall continue in full force and effect.

Done and ordered by the railroad commissioners of the state of Florida, in open session of their board, at their office in the city of Tallahassee, this 2nd day of October, A. D. 1915.
R. Hudson Burr, Chairman.

DISAVOWED THE DEED**Germany has Yielded to American
Demands in the Arabic Case**

(Associated Press)

Washington, Oct. 6.—Germany has acceded to the American demands for settlement of the Arabic case. The imperial government, through its ambassador, Count von Bernstorff, disavows the sinking of the vessel, announces that it has notified the submarine commander who made the attack, expresses regret for the loss of American lives, and agrees to pay an indemnity to the families of Americans lost.

**UNCLE SAM'S HANDS
WILL BE UNTIED****Understanding with Germany will
Enable Him to Tackle England**

(Associated Press)

Washington, D. C., Oct. 6.—Secretary Lansing indicated that the settlement of the Arabic case cleared the way for the dispatch of a note to Great Britain covering the subject of trade negotiations, interference with American goods and neutral trade.

WILSON'S WISE WORDS**Desirable that We Be Adequately
Prepared for Defense**

(Associated Press)

Washington, D. C., Oct. 6.—President Wilson, addressing the new naval advisory board, said he believed the whole nation "was convinced we ought to be prepared, not for war, but for defense, and very adequately prepared."

WORK WILL BEGIN NEXT WEEK

Mr. Bryan of Bryan & Co. informs the Star that he is only waiting for pipe, which he expects to arrive in a day or so, and hopes to begin work on the new sewerage system by next Monday. At least twenty-five men will be put to work as soon as operations begin.
